S & P and City Light
Seattle Food Bank needs your help
Forbes Top Ten
Viaduct Project

aren't out of the woods yet. Seattle City Light is facing serious challenges, including a shortfall in revenues due to a far below average snowpack. As chair of the Energy, Technology and Civil Rights Committee, Councilmember Bruce Harrell has played a key role in facing these challenges. I thank him for his hard work and I look forward to continuing my work with him. I know that we are both committed to a sustainable path for Seattle City Light to ensure that the utility remains a national leader."

The bond rating for City Light was reduced several times after the on-set of the West Coast energy crisis in 2000. In January 2001, City Light received an AA-/Negative rating. By July, 2003, the rating had dropped to A/Negative. The turnaround began in December, 2004 with an A/Positive rating. In 2008 City Light was up-graded to AA-.

"Our decision to create a Rate Stabilization Account and develop best practices for our financial policies and risk management efforts, all lead to a rating that will benefit our residents, low income customers, and businesses, both small and large. We will be able to invest in our infrastructure and maintain our commitment for low, competitive rates," said Councilmember Bruce Harrell, Chair of the Energy, Technology and Civil Rights Committee.

Superintendent Carrasco was pleased with the vote of confidence from S&P. "Given the current economy, this is great news. City Light has worked hard to control costs, pay down debt, and together with the City Council, have put into place new financial policies that have strengthened our financial position," he said. "These steps are paying off and ultimately, our customers benefit."

LAND USE NOTICES

**ADDRESS: 9615 ROOSEVELT WAY NE
PROJECT: 3011165 ZONE: ARTERIAL WITHIN 100FT,
LOWRISE-2, NORTHGATE OVERLAY DISTRICT, SALMON
WATERSHED, SPECIAL GRADING REQUIREMENT, ZONING
SPECIAL ST WITHIN 100FT**

Land Use Application to subdivide one development site into four unit lots. The construction of residential units has been approved under Project #6182994. This subdivision of property is only for the purpose of allowing sale or lease of the unit lots. Development standards will be applied to the original parcel and not to each of the new unit lots.

COMMERCIAL1-65, LIQUEFACTION PRONE SOILS, LOW-
RISE-2, SALMON WATERSHED, SPECIAL GRADING RE-
QUIREMENT**

Land Use Application to allow a 30 ft. by 19 ft. vinyl mesh wall sign mounted to an existing building. (Billboard).

TESTIMONIAL

Dear Roger,

I want to thank you for all the attention and support you gave to my husband and myself during a most difficult time in my life. That as you remember being the sale of the little house I grew up in after the sudden death of my father. Although I hadn't been to that home in many years prior to my daddy's death (as he rented it out), having to go there and find it in such poor status was more than I could bear. My father was very attached to that little house as was I so our value on the house was more sentimental than realistic.

Your part that is so appreciated isn't that you sold our little house in a timely and efficient manner but that you were so very patient with my unrealistic need to try to do what would have pleased my father. I knew in the very beginning that my price was too high but you made every effort to help me without making me feel foolish. At the same time you knew when I was approachable to suggest lowering my price.

Because of your kindness and patience, we were able to sell the house at a prime selling time and able to get a fair price that I can feel comfortable my father would have approved of. You not only were a great sales representative but a true friend. I hope that all of your clients can come to know you as my husband and I have and realize that they are in good hands. I would recommend your services highly. In closing I would also like to make note of your willingness to meet with us so far out of your way as we live in Tacoma and the house we were selling was in your area.

I also liked how many times you offered to get your hands dirty by checking on the house for us or doing some odd job that definitely was above the call of a real estate broker and agent. I have the highest esteem for your moral values and your honesty. You don't come across as the stereotyped fast talking salesman we dealt with before we chose you to be our rep. Just a humble daddy and husband doing his job.

Roger, we want you to know how much you have come to mean to our family and hope that you'll stay in touch. God Bless your family. You deserve it! Thanks again for your help.

Your friends,
Kyle and Barbara Hartman

SOLD HOMES

The following is a list of homes that sold in our Maple Leaf Neighborhood over the last month. Do you wonder what your house is worth? The décor, the features and condition all have a bearing on the price a house will command. I have seen the interiors of most of the homes in this list. If you are selling your home, please let me help you. I would be happy to view your home, prepare a market analysis and discuss the details with you. I can provide you with useful information, such as a sales price that might be realistically expected in today's market.

BRYANT ELEMENTARY RECEIVES \$5,000 GRANT FROM WIND-ERMERE REAL ESTATE COMPANY'S FOUNDATION FUND

Greetings from the Windermere Foundation, The Windermere Real Estate Company, recently donated \$5,000 to Bryant Elementary's Families In Need Fund. The goal for this fund is to provide students with a rich elementary school experience so they may feel a part of the school community and receive the "extras" that most students at Bryant enjoy.

Things like a Bryant t-shirt, year book, school pictures, camp supplies, socks, underwear and winter coats are all considered extras. In addition, this fund will also help provide grocery gift cards for families who are dependent upon the school breakfast and lunch program and cannot afford food during school breaks.

Bryant families are also given the opportunity to give directly to the Families In Need budget, which helps offset the costs of music programs, 5th grade camp, drama club and chess club, etc. – in an effort to allow its own community to support Bryant students who need the additional financial help.

Unfortunately, the need this year is far greater than anticipated and Bryant simply does not have the funds to cover some of the basics. This grant from the Windermere Foundation will help ensure students come to school feeling good about themselves and also have the basic needs of a hot breakfast and lunch during school breaks. Now that's important!

The Competitor Group has partnered with Seafair to create a marathon through greater Seattle. The race is set to kick off the city's annual Seafair summer celebration. Web site: www.seattle.competitor.com/

NE 45TH STREET VIADUCT PROJECT - WEST APPROACH REPLACEMENT

- Pre-construction work will begin on the NE 45th Street Viaduct in April 2010.
- The viaduct will be completely closed from late June 2010 until mid September 2010.

PROJECT DESCRIPTION

The NE 45th Street Viaduct's existing west approach is nearing the end of its structural life and needs to be replaced to maintain a safe and efficient travel corridor for vehicles, pedestrians and bicycles. The viaduct was originally constructed in 1938 and portions of the existing structure are nearly 70 years old.

The NE 45th Street Viaduct is a major thoroughfare in Northeast Seattle. It connects I-5 and the University District to the Northeast Seattle neighborhoods, the University Village, the University of Washington's Husky Stadium, Seattle Children's Hospital, and businesses along Sand Point Way NE.

CONSTRUCTION SCHEDULE

The project was advertised for competitive bids in late February 2010. SDOT hopes to have a contractor on board by mid-March, and work to begin on site in late April. The viaduct will be completely closed to all traffic, bicycles, and pedestrians from late June to mid September 2010.

WHAT YOU CAN EXPECT DURING CONSTRUCTION

WORK HOURS

The construction crews will work 7 am to 11 pm, 7 days a week from April to September, while daytime wrap-up work will be ongoing until November. Also, some nighttime work (after 11 pm) may be done periodically in order to complete the project within the designated closure period.

TRAFFIC IMPACTS

- Pre-Closure & Wrap-Up: Single lane closure and periodic sidewalk closures
- Closure: Viaduct completely closed to all traffic, bicycles, and pedestrians
- Increased truck traffic around the project vicinity from April until November

HOW WE WILL KEEP YOU SAFE AND MOVING DURING THE VIADUCT CLOSURE

EARLY ACTION PROJECTS PRIOR TO VIADUCT CLOSURE

- Temporary traffic revisions at the intersection of NE 55th St, NE Ravenna Blvd, and 22nd Ave NE
- Improve truck signage along NE Ravenna Blvd
- Conduct a warrant and speed study for potential improvements at NE 54th St and 20th Ave NE
- Improve visibility and maintenance of lighting along the pedestrian detour route
- Install priority signalization for emergency vehicles

DURING THE VIADUCT CLOSURE

- Uniformed Police Officers at key intersections
- Local Access Only signs near construction zone
- Dynamic Message Signs at key intersections
- Signal timing modifications
- Limited parking restrictions along detour route

WHAT WILL THE BRIDGE LOOK LIKE AFTER IT IS REPLACED?

The cross section of the roadway will stay the same, with two westbound lanes, one eastbound lane and a designated pedestrian pathway. An initial traffic analysis indicated that a major widening of the viaduct was not necessary. Current and future traffic congestion is caused by nearby intersections, not the number of lanes on the existing viaduct.

The west approach will be replaced with a new structure that uses a Mechanically Stabilized Flowable Fill (MSFF) technology. The design consists of pre-made concrete panels used to create the solid outer walls of the structure, and

backfill material between the new walls to support a new road surface.

PROJECT FUNDING

The project is funded by Bridging the Gap, a nine-year levy for transportation maintenance and improvements. The \$365 million levy was passed by Seattle voters in November 2006. The goal of the program is to create a strong foundation for Seattle's transportation future by reducing the infrastructure backlog and investing in major transportation projects. The NE 45th Street Viaduct Project is currently budgeted to cost \$30 million.

NE SEATTLE FOOD BANK NEEDS YOUR HELP

Posted by mike on March 17th, 2010

The NE Seattle food bank desperately needs your help! North Helpline, the food bank that helps people in the northeast corner of King County, is running out of food. They would appreciate any food donations you could make. And they are especially looking for businesses that could host a food barrel for donations.

This is not the "usual" seasonal request from a food bank. North Helpline had to order food from a wholesaler last week. "You would be shocked to see how empty the middle of the room is."

It's not that people aren't giving. Donations to the food bank are up 15 percent over last year. The problem is that clients using the food bank are up over 37 percent. "So it's going out faster than it's coming in."

The food bank, which is across the street from the Fred Meyer on Lake City Way Northeast, serves 700 families a week. North Helpline is trying to put more donation barrels out in the community. Wedgwood and View Ridge residents can drop off donations at:

Meadowbrook Community Center, 10517 35th Ave. N.E.
Cloud City Coffee, on Roosevelt Way Northeast at 88th Avenue Northeast
Maple Leaf Cafe Javasti, at Fifth Avenue Northeast and Northeast 84th Street
All That Dance, at 35th Avenue NE and NE 85th Street,

FORBES TOP 10

Some cities are better than others for borrowers, according to Forbes. The best cities have the lowest percentage of foreclosures and delinquencies, including a low percentage of bank-owned homes. In most of the cities on this best list, home prices are actually rising. This kind of solid housing market motivates banks to offer lower rates and better terms.

Here are the 10 cities that Forbes ranks as the best for borrowers:

1. Kansas City, Mo.
2. Houston
3. Dallas
4. Virginia Beach, Va.
5. San Antonio, Texas
6. Boston
7. Pittsburgh
8. Denver
9. Seattle
10. Portland, Ore.

STANDARD & POOR'S AFFIRMS CITY LIGHT BOND RATING RATING AGENCY GIVES A "STABLE" OUTLOOK

SEATTLE – Mayor Mike McGinn announced today that Standard & Poor's (S&P) has affirmed Seattle City Light's bond rating as AA- and a stable outlook. This rating is good news for ratepayers and independent validation that City Light is in good financial condition.

"Maintaining an AA- bond rating is essential for Seattle City Light to continue providing excellent service for residents of our city," said McGinn. "But we

SEATTLE CENTER FESTIVALS PAGDIRIWANG PHILIPPINE FESTIVAL JUNE 5-6, 2010

Celebrate Filipino independence at this annual celebration of the arts and culture of the Philippines. Pagdiriwang commemorates the end of Spanish rule in 1898 and highlights the beauty of the country and its people with pageantry, music, dance, food, children's activities, drill teams, rock bands, Filipino literature, exhibits and martial arts. Presented by the Filipino Cultural Heritage Society of Washington.

FESTIVAL SUNDIATA: AFRICAN-AMERICAN CELEBRATION JUNE 12-13, 2010

What's up, Hi, What ya doin', head nod Music and dance set a rhythmic tone for a weekend filled with continuous live entertainment. This lively festival celebrates art, entertainment and education about the people of African descent, where participants and visitors from all communities may have an opportunity to peak into the window and experience the richness of Black culture. Presented by the Sundiata African-American Cultural Association.

IRANIAN FESTIVAL JUNE 19, 2010

The region's premier Iranian cultural event celebrates one of the most hospitable cultures in the world. The festival offers a melting pot of new experiences as it unites a multifaceted community – young and old from all walks of life. Music and dance performances, Rumi poetry, food and libations, puppet shows and face painting provide a glimpse into this rich and diverse culture. Presented by the Iranian American Community Alliance.
